

ADIL OUAFFSSOU

Machine learning engineer

📞 06 58 89 23 42

✉️ adilouafssou@gmail.com

🌐 <https://www.linkedin.com/in/adilouafssou>

📍 3 Rue Du Bac, Annet-sur-Marne, 77410

EXPERIENCE

Data Engineer

eXplain

📅 03/2019 - 12/2019 📍 Paris, France

🌐 <https://explain.fr/>

Political startup & B2B

- Build ETL from structured data (census, election results ...) and unstructured (text, address...)
- Reverse engineering of a software for tracing geographic outlines of polling stations in python
- Implemented geocoding modules for address lists in python

Data Analyst Intern

Youmiam

📅 07/2018 - 12/2018 📍 Paris, France

🌐 <https://youmiam.com/fr/>

FoodTech (cooking app Desktop & Mobile)

- Design of automated dashboards for sales teams (scripting in python & Google Sheets)
- Global performance monitoring of the mobile app by implementing an alerting system (Slackbot) in python
- Knowledge management (databases documentation automated in python)

FORMATION

Machine Learning Engineer

OpenClassrooms - RNCP Level I Diploma

📅 02/2020 - 02/2021

- Courses presentation : <https://openclassrooms.com/fr/paths/148/ingenieur-machine-learning>
- Conduct a research project and carry out a proof of concept

Master Data SCIENCE ET SOCIETE NUMERIQUE (D2SN)

Université Gustave Eiffel

📅 09/2017 - 09/2018

- Acquisition of skills in digital data analysis
- Programming (R, Python, SQL)
- Learning the basics of machine learning

SUMMARY

29 year-old pythonist passionate about deep learning (especially in computer vision) looking for an internship for the position of machine learning engineer.

LANGUAGES

English

Proficient

Japanese

Beginner (Kanas)

SKILLS

Hard skills

Python

Tensorflow/Keras/Scikit-learn

Flask

SQL (MySQL, PostgreSQL)

NoSQL (MongoDB, Elasticsearch)

AWS/GCP

Linux

C

Soft skills

Self-Learning (MOOC, Ebooks)

Problem-Solving (Data-mining)

Adaptability (Scrum, Kanban)

Creativity (POC)
